QUESTIONNAIRE ON RISK ALLOWANCE

(Inviting suggestions/comments from Government Department, Service Associations and
Individuals).

.....

1. What is the nature of risks or hazards to health and/or life, if any, in your job profile?
Kindly amplify.

2. At present some categories of State Government employees under various
Departments/Offices/Organisations are covered by the Scheme of Risk Allowance. Do
you consider that the scope of the Scheme needs further modifications so as to include
some other categories of employees other than the existing ones and/or employees
under other Departments/Offices/Organisations?

- 3(a). Do you consider it desirable that the grant of Risk Allowance in cash as at present would
meet the need of the employees as contemplated under the Scheme? If not, kindly
suggest alternative coverages, e.g., Insurance cover or Medi-Claim or any other practical
methods.

- (b). Kindly offer your views on existing rate/quantum of the allowance.

4. Do you have any comments on the matters which have not been covered by the present
Questionnaire? If so, please offer your views/suggestions.
